

RESOURCES

- **87%:** The percent of NCAA schools that offered disproportionately higher rates of athletic opportunities to male athletes compared to their enrollment.
- **83%:** The percent of college coaches who say they have never received any formal Title IX training.
- **77%:** The percent of female leaders who reported that lack of exposure to female coaches as role models limits girls' sports participation.
- **31%:** The percent of female coaches who believe that they would risk their job if they spoke up about Title IX and gender equity.
